**Re: Unitil Energy Systems, Inc. and Northern Utilities, Inc.
Docket No. DE 20-092: Revised Attachment H1 and J1**

Chairman Goldner:

On March 1, 2022, Unitil Energy Systems, Inc. (“UES”) and Northern Utilities, Inc. (“NU”) joined the other New Hampshire utilities in submitting the NHSaves 2022-2023 Plan proposal for the Commission’s consideration. Included with the Plan were Attachments H1 (UES) and J1 (NU). These Attachments, as submitted on March 1, contained display errors that resulted in certain information being hidden from view.

UES and NU now submit Revised Attachment H1 Pages 1 and 4, and Revised Attachment J1 Pages 1 and 2. The Companies have highlighted the restored information in yellow for ease of reference. The Companies note that this information does not alter the calculations in any way; it simply provides information that was inadvertently obscured in the initial filing.

Thank you for your attention to this matter.

Sincerely,
