

**STATE OF NEW HAMPSHIRE  
PUBLIC UTILITIES COMMISSION**

**DE 17-136**

**ELECTRIC AND GAS UTILITIES**

**2018-2020 New Hampshire Statewide Energy Efficiency Plan**

-----  
**DE 20-092**

**2021-2023 Triennial Energy Efficiency Plan**

**Procedural Order Re: New Filings**

To ensure that filings are made in the correct docket, this procedural order clarifies that filings such as monthly, quarterly, or annual reports for program year 2021, as well as notifications regarding program expenditures made prior to January 1, 2022, should be filed in Docket No. DE 17-136. Program filings for January 1, 2022 or thereafter should be filed in Docket No. DE 20-092. This is because, pursuant to Order No. 26,440 (December 29, 2020), the structure of the 2018–2020 Triennial Energy Efficiency Plan remained in place until the Commission issued its comprehensive order on the 2021–2023 Triennial Energy Efficiency Plan. That comprehensive order, Order No. 26,553, was issued on November 12, 2021 and specified the programmatic structure of the current triennium effective January 1, 2022.

So ordered, this twenty-fourth day of January, 2022.

  
Daniel C. Goldner  
Presiding Officer  
Chairman
