To whom it may concern,

I recently received a letter from Liberty Utilities informing of a fixed rate increase request. I would like to request that your office votes against both the long term and the temporary increase requested in DG 20-105. Due to the unprecedented times we are experiencing I do not believe that a fixed rate increase is a poor decision on the part of a large company such as Liberty Utilities. I believe that this will lead to many individuals struggling to keep their homes warm during the winter.

Best Regards,

Aurora Van De Water
