

Hello,

I am a resident of Atkinson, NH, and a HAWC customer. It has been brought to my attention that there will be a 65% rate increase to water consumers and a 609.5% increase to fire hydrant maintenance. This is totally unacceptable and outrageous.

Please let me know who it is that I can speak to regarding this matter. Kindly respond to this email with the name and contact information.

Sincerely,

Debra Aubut
Atkinson, NH
