Dear PUC

I am writing regarding my concern over the water rate increase.

I am very unhappy with the rate of increase (610%) regarding fire hydrants. That's quite a huge hit!

Also, as a condo dweller, I am very displeased with the increase per month for water that is in the sprinkler line.

(Interior Fire Protection) Why charge a new fee per year? Suggestion: a one time fee, then a replacement fee if necessary.

Never knew such a fee existed!

I am expressing my concern and displeasure with these large increases in water fees.

Regards,
Kathleen M Hammond
