

STATE OF NEW HAMPSHIRE
THE NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION
HAMPSTEAD AREA WATER COMPANY, INC

DW 20-117

**ASSENTED-TO MOTION TO REPLACE FILING
TO CORRECT FORMATTING AND EXHIBIT MISPLACEMENT ONLY**

The Hampstead Area Water Company, Inc. (“HAWC” or the “Company”) pursuant to Puc 203.07 respectfully moves the New Hampshire Public Utilities Commission (the “Commission”), with the assent of counsel for the Office of the Consumer Advocate (“OCA”) and Commission Staff (“Staff”), to replace the Company’s original filing—namely the Petition for Approval of Permanent Rates and Proposed Tariff Revisions, and Motion for Protective Order maintaining the protective order for certain confidential information filed pursuant to R.S.A. 91-A:5(IV) and NH Admin Rules, Puc 201.04(b) and (c), and Puc 203.08—with the attached electronic versions because they contain updated formatting and bookmarking to improve searching capabilities, and providing financial information containing the correct years of information required and in the correct place.

In support of this motion, HAWC states as follows:

1. On November 23, 2020 HAWC filed a rate case proceeding, both a “Confidential” version and a “Redacted” version, and a motion to designate as confidential two pages it deemed pursuant Puc 1604(b) to be confidential (the Initial Filing).
2. At the prehearing conference held on February 10, 2021 for this matter counsel for the OCA requested a copy of the Initial Filing be provided in a searchable PDF format that was converted directly to PDF rather than converted by scan, and to

bookmark such pages (a Searchable Version). Counsel for Staff also requested a Searchable Version copy. Chairwoman Martin directed the Parties to resolve the issue in the technical session that immediately followed.

3. On February 16, 2020 a draft Searchable Version copy was provided, in “Confidential” form, to both counsel for the OCA and Staff to allow both to see the information the Company was seeking to designate as confidential.
4. At the continued technical session on February 17, 2020 OCA’s attorney acknowledged the “Confidential” draft Searchable Version was as requested, and further requested HAWC file both this Searchable Version and a “Redacted” Searchable Version with the Commission. Counsel for Staff suggested the instant motion to accomplish this goal.
5. On February 24, 2020 OCA and Staff submitted data requests using the draft Searchable Version and the intervenor Town of Atkinson submitted data requests using the original filing.
6. In preparing this Motion the Company discovered information in its original filing was the incorrect year and in the incorrect place. Financial information for year 2017 was replaced with 2018 located in Tab 15 in the original filing. It was then determined this financial information should be part of Tab 33 instead of Tab 15 which shortened Tab 15 by three pages and increased Tab 33 by four pages. Finally, the draft Searchable Version provided to counsel inadvertently left out the first page of Tab 43. The Searchable Versions attached to this motion correct this all.

7. If this motion is granted, it will not change any current deadlines or schedules within this docket, and simply supplies the requested fully searchable and bookmarked document that OCA's and Staff's respective attorneys requested.
8. If this motion is granted, the Company agrees to resubmit to the discovery service list a replacement set of all data request responses reflecting the Bates numbering of this new filing to alleviate any potential confusion in the future.
9. Both the OCA and Staff Attorney assent to the relief sought in this Motion.

WHEREFORE, The Hampstead Area Water Company, Inc., with the assent of counsel for the OCA and Staff, respectfully requests the Commission grant this Assented-to Motion and allow the Searchable Versions to become part of the docket.

Respectfully submitted,

THE HAMPSTEAD AREA WATER COMPANY, INC.

/s/ Anthony S. Augeri, Esquire
Anthony S. Augeri, Esq., General Counsel
