RE: The Hampstead Area Water Company, Inc. – DW 20-117
Request for Change in Rates
Clarification of Order No. 26,635

Dear Chairman Goldner:

I write to respectfully request the Commission clarify its June 2, 2022 Order, No. 26,635, regarding two items. On page one of the Order, the second paragraph, the second sentence states that “To avoid rate shock, the first rate increase shall not take place before December 16, 2022” The first rate increase, the permanent rate increase, will occur immediately, as noted in the last sentence of the previous paragraph and on pages 13 and 14 of the Order as well as in the settling parties Settlement Agreement. The Step 1 increase shall not take place before December 16, 2022 and the Step 2 increase shall not take place before June 16, 2023, both subject to DOE audit and Commission approval.

Lastly on page 12 of Order No. 26,635 it notes “Mr. Soganick explained the CCOSS he had prepared for the Company ...,” It should reflect that Mr. Soganick reviewed the Company’s COSS for The New Hampshire Department of Energy. The Company respectfully requests the Commission clarify these two items.

Consistent with the Commission’s Temporary Changes in Filing Requirements (March 17, 2020) due to the COVID-19 state of emergency, the Company will not file any paper copies. Should you have any questions, please don’t hesitate to contact me.

Very truly yours,

/s/ Anthony Augeri
