Re: Docket No. DW 20-117 Hampstead Area Water Company's ("HAWC" or "Company")
Request for Change in Rates
Revised Public Fire Protection calculation

Dear Chairman Goldner:

On June 30, 2022, in accordance with PUC Order No. 26,635 dated June 2, 2022, HAWC filed its temporary / permanent rate reconciliation, rate case expenses and proposed surcharge amounts. Upon further review, it realized that the "Actual Bill 1/1/22 – 12/31/22" for the Towns of Hampstead and Atkinson as reflected on the Public Fire Protection schedule did not take into consideration the PUC approved temporary rates. As such, the "Total" Actual Bill is higher and the "Difference" is lower, resulting in a lower proposed surcharge for Public Fire Protection for the Towns of Hampstead and Atkinson as follows:

| | |
|---|---------------------------------|
| Public Fire Protection (Hydrants) - Hampstead | \$6,840 per month for 12 months |
| Public Fire Protection (Hydrants) – Atkinson | \$9,287 per month for 12 months |

In support of the Company's proposed surcharges for Public Fire Protection, the Company is providing a revised Public Fire Protection schedule.
