

# STATE OF NEW HAMPSHIRE

## Inter-Department Communication

**DATE:** September 25, 2020  
**AT (OFFICE):** NHPUC

**FROM:** Kenneth Walsh *KGW*  
Utility Analyst IV – Safety Division

**SUBJECT:** Docket No. DE 20-131 Public Service New Hampshire d/b/a  
Eversource Energy  
Petition for a License to Construct and Maintain Electric Lines Over and  
across the public waters of the Ashuelot River in the City of Keene, New  
Hampshire  
**Staff Recommendation Revision**

**TO:** Debra Howland, Executive Director  
Thomas Frantz, Director, Electric Division  
Richard Chagnon, Assistant Director, Electric Division  
Lynn Fabrizio, Staff Attorney  
Randall Knepper, Director, Safety Division  
Paul Kasper, Assistant Director, Safety Division

The Safety Division's review of the above Staff Recommendation dated September 11, 2020 along with a review of Eversource supplement identified the following that needs revising:

- 1) Reference in the second paragraph, page 3 of Section 1 Petition contents and history noting "existing wood structure #291 will be removed and not replaced as part of this rebuild project." A typographical error notes structure #291, when in fact, structure #292 will be removed and not replaced as part of this rebuild project on the D108 line.
