SUBJECT: DM 20-133, America Approved Commercial, LLC
Application to Renew Registration as a Provider of Electric
Aggregation Service
Staff Recommendation

TO: Debra A. Howland, Executive Director

On August 18, 2020, America Approved Commercial, LLC (America) filed an application to renew its registration as a provider of electric aggregation service. America is also requesting a deadline waiver as they were waiting for their certificate of good standing from the Secretary of State. On August 19, 2020 America filed an updated application and request for deadline waiver. America's currently-effective registration expired on August 9, 2020.

Staff has reviewed the application and has determined that the filing is complete and the application meets the requirements for registration under N.H. Admin. R., Puc 2000. Staff notes that, pursuant to Puc 2003.06(a), America's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before June 10, 2020. Staff recommends that a waiver of Puc 2003.06(a) be granted and that America's application to renew its registration as a provider of electric aggregation service be approved, effective as of August 9, 2020, for a term of two years.
