Re: DW 20-153 – Pittsfield Aqueduct Company, Inc.
Permanent Rate Proceeding
Corrected Page Numbers on Rate Filing

Dear Director Howland:

Subsequent to filing Pittsfield Aqueduct Company, Inc.'s PART Puc 1604 general rate schedules, my office discovered that corruptions occurred during the exporting of the pdf. These corruptions caused a few pages to not contain the sequential page numbers, other pages commencing at page 51 repeated that page number.

The attached electronic document has been corrected. We request that the Commission use this electronic version instead of the electronic version filed on November 16, 2020. Please note that no substantive changes were made to the rate case filing; the content is the same, just the page numbers have been corrected. The hardcopies delivered to Staff last week were corrected prior to delivery to the Commission.

We apologize for any inconvenience to the Commission and thank you in advance for your assistance with this proceeding.

Very Truly Yours,

A handwritten signature in black ink that reads "Marcia A. Brown".
