Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 20-154
June 2021 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to Commission Order No. 26,420 in Docket DG 20-154, enclosed is Northern Utilities - New Hampshire Division's ("Northern") current calculation of its projected over or under-collection of gas costs for the 2020-2021 summer season.

Northern's current calculation has been updated to reflect actual costs and revenues for May 2021 and NYMEX futures prices as of June 22, 2021. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.

In accordance with the Commission's temporary moratorium on paper filings, the Company is submitting this filing only in electronic format.
