

Good morning.

I am a resident of Litchfield NH and was notified by the town water rate increase. I am aware that Hudson pays \$3.30 per unit. Merrimack at \$ 2.32 and Manchester pays \$1.64 per unit. I am concerned as a Litchfield resident who pays \$9.42 per unit. As a Litchfield resident who was forced to have Pennichuck water due to PFOA I feel we should not be paying triple rates of surrounding towns. Please advise.

Thank you

Tom
