

Hi, my name is Mark Johnson and I'm a home owner at 4 Woodridge Ln, in Exeter.

I received a notice from Pennichuck that they are seeking to raise their rate by 21%.

I could understand a 2% rate increase, but 21%? Without detailed information explaining why this is necessary, what projects this is going to fund, etc, there is no way that we can say this is reasonable. I'm a bit stunned and this is pretty concerning.

Regards,
Mark Johnson
