

To whom it may concern:

I am a resident of Litchfield and I have been watching our rates increase and increase over the years. From what I have seen the past few months is that Litchfield appears to be paying for other areas as well as ourselves. I find this to be unacceptable. If we are all getting our water from the same company then it should be the same rates or comparable.

From what I see, Manchester pays \$1.64 and with the increase we will be paying \$9.42. This is not fair and I would like to know if there is anything we can do to keep our rates in a more reasonable range.

Sincerely,
Sandra Morin
