---

Good morning,

I am a resident of Litchfield, NH residing at 144 Pinecrest Road and am writing you to strongly oppose these rate increases. Pennichuck does not deserve the amount of increases they are proposing, at their current rates they are exceedingly high for water usage. I would implore the commission to deeply dive into the proposal and examine the merits of the stated need by Pennichuck for such an excessive increase in rates. The proposal should not be allowed through without a comprehensive review. If it is determined there is a basis for these increases, a phased in approach should be considered over MULTIPLE years so as to not unduly burden the citizens of these communities post pandemic.

Thank you for your full and in depth consideration.
