Concord, NH 03301

Re: Docket No. DW 20-156  
Pennichuck East Utility, Inc. – Rate Proceeding  
Permanent Rate Hearing Record Requests

Dear Chairman Goldner:

Pursuant to the Commission's Secretarial Letters dated March 17, 2020 regarding temporary filing requirements and the Commission's Remote Hearing Guidelines dated October 14, 2021, enclosed please find hearing Exhibit #12 and Exhibit #13. These were record requests made at yesterday's hearing.

Exhibit 12 is a replacement page 20 of Exhibit 11. As noted at hearing, the settling parties neglected to update the column that indicated whether the rate was "increasing", "decreasing" or neither. That has been corrected. Exhibit 12 now correctly mirrors page 11 of Exhibit 6, which was Attachment B to the Settlement Agreement.

The Company wishes to also reiterate from its testimony yesterday that the original Report of Proposed Rate Change contained an error in that the Cost of Service Study over-allocated the costs associated with distribution and transmission mains to private and municipal fire protection. This was subsequently corrected in the revised Cost of Service Study schedules. However, the percentage changes noted in footnote 12 on page 20 reflect the Report of Proposed Rate Change as it was originally filed with the Commission, prior to the corrections to the Cost of Service Study. See Bates page 59 of Exhibit 1. The updated Cost of Service Study, which is being provided as Exhibit 13, reflects the correction to the over-allocation as well as the settled revenue requirement.

Exhibit 13 is the updated Cost of Service Study. The Cost of Service Study was first filed with the Commission as Tab 11 in the Company's rate filing. See Exhibit 1, at pages 140-165.

Thank you in advance for your assistance with this filing. If you have any questions, please do not hesitate to contact me.

Very Truly Yours,
