**Re: Docket No. DG 20-170; Electric Distribution Utilities
Electric Vehicle Time of Use Rates**

Dear Chairman Goldner:

On behalf of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty, I write to provide the Company's closing statement in the above docket.

As stated in the closing arguments of the other settling parties, the Settlement Agreement now before the Commission, Exhibit 24, is consistent with the directives and goals of Order No. 26,394 (Aug. 18, 2020), represents a reasonable compromise of the many competing interests in designing EV TOU rates, will allow for the collection of data to revise and improve those rates in the future, and is otherwise "just and reasonable and serves the public interest," the standard for approving settlement agreements. Puc 203.20(b).

Liberty thus urges the Commission to approve the Settlement Agreement without change or further conditions.

Sincerely,
