**Re: Docket No. DW 20-184 - Request for Change in Rates
Aquarion Water Company of New Hampshire, Inc. –
Order No. 26,771 compliance filing**

Chair Goldner:

The New Hampshire Public Utilities Commission (“Commission”) issued Order No. 26,771 Granting Motion for Clarification and Modifying Prior Order Nisi Approving Step Adjustment on February 6, 2023 (the “Order”). In the Order, the Commission directed Aquarion Water Company of New Hampshire, Inc. (“Aquarion” or the “Company”) to “file on or before February 9, 2023, a revised Stipulation with the Commission containing signatures of each of the parties agreeing to the Stipulation” and “a corrected Detailed Explanation with the Commission with all numbers consistent with the Stipulation and attachments.” (Order at 3).

On February 3, 2023 the Company filed both of the documents requested above, which are posted to the docket webpage at Tab 90. Nothing in the Order required any changes to either document – the calculations remain the same as do the terms in the stipulation that the parties agreed to and signed. Therefore, the Company incorporates by reference the documents filed on February 3 and posted at Tab 90 of the docket webpage as they satisfy the request for the documents listed above.

Consistent with current Commission policy, this filing is being made electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
