**Re:** Docket No. DW 20-184 - Request for Change in Rates Aquarion Water Company of New Hampshire, Inc.  
Notification of rate case expense and rate recoupment adder filings review

Chair Goldner:

On March 31, 2023 Aquarion Water Company New Hampshire (“Aquarion” or the “Company”) filed its Rate Case Expense Recovery and its Rate Recoupment Adder filings. Recovery of both of these items, subject to review and adjustment by the DOE and other Settling Parties, was authorized by Commission Order No. 26,659, approving the settlement agreement on permanent rates in this docket. Consistent with the settlement agreement, Aquarion has conferred with the New Hampshire Department of Energy (“DOE”) and has established a review process that will facilitate the DOE’s stated intent, which was filed to this docket on April 10, 2023, to provide a recommendation for each of these filings on or before July 14, 2023. All parties to this docket may participate in this review, consistent with the terms of the settlement agreement approved by Order No. 26,569.

Consistent with current Commission policy, this notification is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
