RE: Lakes Region Water Co., Inc; Petition for Rate Increases in DW 20 – 187

Dear Executive Director Howland:

Lakes Region submits electronic copies of the following revised documents for filing in its pending rate case:

1. Proposed Temporary Rate Tariffs,
2. Proposed Permanent Rate Tariffs (Lakes Region Consolidated, Dockham Shores and Wildwood all consolidated).
3. Proposed Permanent Rate Tariffs (Lakes Region Consolidated, Dockham Shores, and Wildwood with separate rate increases).
4. Motion to Amend Temporary Rate Request.

Please note that the proposed Tariffs reflect the schedules and testimony prepared by Stephen P. St. Cyr and filed with the Commission on January 15, 2021. However, on January 28, 2021, the Commission approved a change in rates for its Dockham Shores system which authorized the Company to charge its existing consolidated metered rate to Dockham Shores customers. On February 10, 2021, Lakes Region filed updated tariff pages as directed by Order No. 26,446. As a result, the Lakes Region submits a *Motion to Amend Temporary Rate Request* and tariff pages which reflect the rates approved by Order No. 26,446, rather than the temporary rates proposed for Dockham Shores on January 15, 2021.
