Request for Change in Rates

Procedural Order Re: Proposed Amended Procedural Schedule

On October 13, 2021, the New Hampshire Department of Energy (Energy), with the assent of Lakes Region Water Company, Inc. (the Company), filed a letter requesting approval of the following proposed amended procedural schedule:

Data Requests to Company – Set # 3	October 28, 2021
Data Responses from Company – Set # 3	November 12, 2021

The proposed procedural schedule would amend the procedural schedule approved on May 14, 2021.

Energy stated in its letter that intervenor Lake Ossipee Village Homeowners had not responded to the proposed amended schedule. As Energy's October 13 letter requests the Commission to take an action, it was treated as an unassented-to motion, *see* N.H. Admin. R., Puc 102.08, and held for 10 days, pursuant to Puc 203.07(e). In the future, requests for Commission action must be filed as a motion or petition, consistent with the administrative rules.

No objections to the proposed amended procedural schedule have been filed. It has been determined that the proposed amended schedule is in the public interest and, therefore, the foregoing amended procedural schedule is approved.

So ordered, this twenty-fifth day of October, 2021.

A handwritten signature in cursive script, reading "Dianne Martin", is written over a horizontal line. The signature is contained within a light gray rectangular box.
