RE: Docket No. DE 21-029 Petition for Approval of Change in Regulatory Reconciliation Adjustment Rate
Public Service Company of New Hampshire d/b/a Eversource Energy – revised filing

Dear Director Howland:

Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) submits this revised filing to Docket No. DE 21-029, applying an update to its April 30 filing for approval of an adjustment to Eversource’s Regulatory Reconciliation Adjustment Rate (“RRA”). Included are the updated joint testimony and associated attachments of Erica L. Menard and Jennifer A. Ullram. The joint testimony and corresponding attachments from the April 30 filing should be disregarded and replaced in their entirety with these revised documents. However, the individual testimony and corresponding attachments of Jennifer A. Ullram from the original filing on April 30 should remain, as these have not been revised in any way.

The revision pertains to an estimate for an adjustment to the property tax expense reconciliation because that was all that was available at the time of filing. The Company now has the final adjustment number of \$1,024,597 which is \$100,403 lower than the original estimated \$1,125,000 expense adjustment. This change results in an average RRA rate request of (0.012) cents/kWh. No other changes whatsoever have been made to the filing.

The correction to the RRA adjustment is reflected throughout the joint testimony and attachments as necessary. In addition to the changes in joint testimony, which are shown in redline throughout the document, adjustments were made to the calculations on the following Bates pages to the joint attachments: 36 (line 2), 24-25, 34-36. Bates pages 46-85 of the joint attachments, the rate calculations and tariff changes, are likewise revised to reflect this change in calculation to the RRA rate.

Thank you for your understanding with this matter. Please contact me with any questions you may have. Pursuant to current Commission policy, this filing is being made electronically only; paper copies will not follow.

Regards,
