Re: DE 21-031 - Unitil Energy Systems, Inc. – Correction to Exhibit CGDN-1

Dear Director Howland:

During the Hearing on Temporary Rates held earlier today, the witness for Unitil Energy Systems, Inc. (“Unitil” or the “Company”) described a correction to his testimony, submitted in this docket as Exhibit CGDN-1. The Company agreed on the record to submit the correction in writing to the Commission.

Beginning at Bates Page 000107, and carrying over to Bates Page 000108, Exhibit CGDN-1 states:

For investment year 1 (2021 additions), the new Exeter DOC plant additions through February 28, 2021 would be excluded from the 2021 Rate Plan, because the Company is requesting this as a proforma adjustment to rate base in the 2020 revenue requirement calculation with recovery starting in temporary rates effective June 1, 2021.

This statement should be corrected to remove “with recovery starting in temporary rates effective June 1, 2021.” Unitil has enclosed a CORRECTED Bates Page 000108 for the Commission’s reference and inclusion in the record.

Thank you for your attention to this matter.

Sincerely,
