SUBJECT: DM 21-031, Crimson Power Solutions, LLC
Application to Renew Registration as a Provider of Natural Gas
Aggregation Services
REVISED Staff Recommendation

TO: Debra A. Howland, Executive Director

On March 1, 2021, Crimson Power Solutions, LLC (Crimson) filed an application to renew its registration as a provider of natural gas aggregation service. Crimson's current registration runs through February 26, 2021.

After reviewing the application, Commission Staff (Staff) has determined that the filing is complete, and the application meets the requirements for registration under N.H. Admin. R., Puc 3000. Staff notes that, pursuant to Puc 3003.06(a), Crimson's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before December 28, 2020. Staff recommends that a waiver of Puc 3003.06(a) be granted under Puc 201.05 and that Crimson's application to renew its registration as a provider of natural gas aggregation services be approved, effective as of February 26, 2021, for a term of two years.
