**FROM:** Corrine Lemay, Management Analyst

**SUBJECT:** DM 21-038, Trusted Energy, LLC  
Application to Renew Registration as a Provider of Electric  
Aggregation Service  
**Staff Recommendation**

**TO:** Debra Howland, Executive Director

On March 5, 2021, Trusted Energy, LLC (Trusted) filed an application to renew its registration as a provider of electric aggregation service. On March 31, 2021 Trusted filed a certificate from the Secretary of State and on May 19, 2021 filed a waiver request of Puc 2003.06. Trusted's currently-effective registration expired on March 20, 2021.

Staff has reviewed the application and has determined that the filing is complete and the application meets the requirements for registration under N.H. Code Admin. Rules Puc 2000. Staff notes that, pursuant to Puc 2003.06(a), Trusted's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before January 19, 2021. Staff recommends that a waiver of Puc 2003.06(a) be granted under Puc 201.05 and that Trusted's application to renew its registration as a provider of electric aggregation service be approved, effective as of March 20, 2021, for a term of two years.
