Request No. Staff 1-3

Date of Response: 3/29/21
Respondent: William Clark

REQUEST:

Ref. Bates p. 13.

When does Liberty hope to implement alternative supply options? Please provide an approximate month and year.

RESPONSE:

Liberty is continuing to work with consultants to analyze alternative supply options for the Keene system and anticipates engaging with Staff in the summer 2021 prior to filing the system conversion plan. Assuming approval of the conversion plan in Q4 of 2021 or Q1 of 2022, Liberty would anticipate commencing construction on the permanent facilities in the summer of 2022. This should result in commencing Phase 1 of the system conversion in 2023.
