Re: Docket No. DW 21-061 - Petition to Approve New Hampshire Drinking Water and Groundwater Trust Fund Financing for Rosebrook Pressure Reduction Project
Aquarion Water Company of New Hampshire o/b/o Abenaki Water Company
Revised petition, testimony and supporting attachments

Chair Goldner:

On November 1, 2022 the Commission issued a procedural order in this docket asking that Aquarion Water Company of New Hampshire (“Aquarion” or the “Company”) provide an update on the status of the financing request, including whether the Company plans to rely on the existing petition and supporting materials, or if Aquarion would be filing an updated petition. Aquarion reported on December 15, 2022 that it would be filing a revised and updated petition with corresponding and supporting testimony and attachments, which Aquarion submits to the Commission with this filing, on behalf of Abenaki Water Company, for the Commission’s review and approval of the subject financing in this docket.

Consistent with current Commission policy, this update is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
