Re: Docket No. DW 21-061 - Petition to Approve New Hampshire Drinking Water and Groundwater Trust Fund Financing for Rosebrook Pressure Reduction Project
Aquarion Water Company of New Hampshire o/b/o Abenaki Water Company
Additional supplemental attachment to January 31, 2023 petition and attachments

Chair Goldner:

On January 31, 2023, Aquarion Water Company of New Hampshire (“Aquarion” or the “Company”) on behalf of Abenaki Water company, filed an updated petition with supporting testimony and attachments for the Commission’s review and approval of the NH Department of Environmental Services’ (“DES”) Drinking Water and Groundwater Trust Fund financing of Phase 1 of the Rosebrook Pressure Reduction Project. After a discussion with the New Hampshire Department of Energy, Aquarion submits one additional supplemental attachment it respectfully requests be added to the filing.

Attachment JPW-10 is a letter from DES approving the modified scope of the project into phases, and supporting that this funding and financing is appropriate for Phase 1. It also outlines the steps required after Commission approval to finalize and secure the funding. This letter supports the public interest standard for the financing.

Consistent with current Commission policy, this supplement is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Regards,

Jessica A. Chiavara
