Re: DM 21-074, ENGIE Power & Gas, LLC
Application to Register as a Competitive Natural Gas Supplier

Dear Ms. Conigliaro:

On April 7, 2021, ENGIE Power & Gas, LLC (ENGIE) filed an application to register as a competitive natural gas supplier (CNGS). On June 28, 2021, ENGIE filed a revised surety bond in the amount of \$100,000, which names the Commission as obligee, became effective on June 25, 2021, and has an initial term of 12 months.

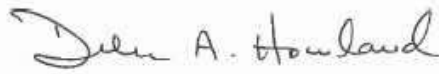

On June 29, 2021, Commission Staff (Staff) filed a memorandum in which it confirmed its review of ENGIE's application and its conclusion that the application meets the requirements for registration under N.H. Admin. R., Puc 3000. Staff recommended that ENGIE's registration renewal application be approved for a five-year term, beginning on June 29, 2021.

The Commission has reviewed and approved Staff's recommendation. Accordingly, ENGIE's application to register as a CNGS is approved, effective as of June 29, 2021. The registration is for a term of five years and expires at the close of business on June 29, 2026. Pursuant to Puc 3003.02(b), ENGIE must submit a renewal application at least 60 days prior to the expiration of the approved registration term, on or before April 30, 2026.

Please be aware that each registered CNGS is subject to specific requirements contained in N.H. Admin. R., Puc 3000 – Competitive Natural Gas Supplier and Aggregator Rules. These rules are available at: <http://www.puc.nh.gov/Regulatory/Rules/PUC3000.pdf>. In particular, under Puc 3003.03(e), if a CNGS's financial security instrument will not be renewed or extended beyond its expiration date, it must (1) provide written notice to the Commission of such non-renewal or non-extension no less than 60 days prior to the expiration date, and (2) file a replacement financial security instrument meeting the requirements of the rules no

less than 30 days prior to the expiration date, and that, under Puc 3003.03(f), a CNGS that fails to comply with the requirement to file a replacement financial security instrument is subject to fines, suspension, or revocation pursuant to Puc 3005.

Sincerely,
