RE: Docket No. DE 21-077
Public Service Company of New Hampshire d/b/a Eversource Energy

2021 Energy Service Solicitation – Record Request Response

Dear Chair Goldner:

During the December 13, 2021 hearing in the above-captioned proceeding Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) was given the following record request:

Reference Bates page 55. In reviewing the Company’s Excel model pertaining to its working capital analysis, there appears to be a significant difference in the lead days for large customers as opposed to that for small customers. Please explain the reason for this difference in the lead days.

At the end of the hearing, the record was held open pending the submission of a response to this request. Attached to this letter and submitted for inclusion as Exhibit 5 in this proceeding is the response to the above record request. Eversource asks that the Commission include this response as Exhibit 5, close the record, and issue an order in the matter by Thursday, December 16, 2021.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum
Senior Regulatory Counsel
