

**STATE OF NEW HAMPSHIRE**

**BEFORE THE**

**PUBLIC UTILITIES COMMISSION**

**ABENAKI WATER COMPANY, INC.**

**AND**

**AQUARION COMPANY**

**Joint Petition for Approval of the Acquisition of Abenaki Water Company by  
Aquarion Company**

**Docket No. DW 21 – 090**

**Petition of REPRESENTATIVE CRISTY L. BRESSON for Intervention**

Pursuant to the Order of Notice issued by the New Hampshire Public Utilities Commission on May 4, 2021 in the above-captioned proceeding, N.H. Code Admin. Rules PUC 203.17, and RSA 541-A:32, Cristy L. Bresson hereby petitions for leave to intervene in this matter. In support of its petition, Cristy L. Bresson states as follows:

Rule PUC 203.17 provides that the Commission shall grant petitions to intervene in accordance with the standards of RSA 541-A:32. RSA 541-A:32, part of the Administrative Procedure Act, provides that a petition to intervene shall be granted upon a showing that the petitioner has “rights, duties, privileges, immunities or other substantial interests” that may be affected by the proceeding, and “the interests of justice and the orderly and prompt conduct of the proceedings would not be impaired by allowing the intervention.”

Moving forward with the automatic approval of an acquisition of this size and complexity of Abenaki Water Company, Inc. (“AWC”) by Aquarion Company (“AC”) under the authority granted in RSA 369:8, ll(b) is not appropriate in this circumstance. Rather, all parties would be better served if the Commission conducted a reasonable and timely investigation and/or review

of this matter first. A rush for automatic approval could result in issues being overlooked that would not be in the public interest. A further complication is that AWC is in the midst of a rate case (see DW 20-112) that will impact Cristy L. Bresson as a customer and rate payer of AWC. Rushing the approval of the proposed acquisition of AWC by AC while a rate case involving one of the parties (AWC) to the acquisition seems to be a situation fraught with conflicts and issues that need to be thoroughly examined. For the reasons stated above, there will be impact to the rights, duties, privileges, immunities, or other substantial interests of Cristy L. Bresson, as a customer and rate payer.

Cristy L. Bresson of 11 Surrey Drive, Bow, NH 03304 is a residential customer of AWC and would be adversely affected by the said Joint Petition for Approval of the Acquisition of AWC by AC.

The acquisition of AWC by AC will have an impact on various aspects of the utility, including, but not limited to, the services, rates, affiliate agreements and other contractual obligations, decision making responsibilities, corporate structure and resources. AWC's pending rate case (DW 20-112) will be impacted by this acquisition and as a customer and rate payer, Cristy L. Bresson will be directly impacted. It is in the public interest to thoroughly evaluate the merit and impact of the proposed acquisition. An automatic approval of the proposed acquisition is akin to cramming the acquisition down the throats of the rate payers, who are directly impacted by said acquisition, without allowing the process of review that has been established by the legislature. The only parties benefiting from an automatic approval of the proposed acquisition is AWC and AC and that is not equitable to myself as a customer and rate payer.

WHEREFORE, Cristy L. Bresson respectfully requests that this honorable Commission:

- A. Grant the petition for intervention, and
- B. Provide any other such relief as it deems appropriate.

Sincerely,

*Cristy L. Bresson*
