PENNICHUCK WATER WORKS, INC.

Petition for Approval of Special Contract with Anheuser-Busch, LLC

Procedural Order Re: Information Request

On July 25, 2022, pursuant to Order No. 26,647 (July 1, 2022), Pennichuck Water Works, Inc. (PWW) filed a reconciliation of the difference between revenues based on the rates under the temporarily extended fourth special contract with Anheuser-Busch, LLC (AB) and revenues based on the rates under the approved fifth special contract for the Commission's and the New Hampshire Department of Energy's (DOE) review. PWW filed a supplemental, amended reconciliation on August 15, 2022, showing that it owed AB a credit of \$29,828.28. The DOE filed a position statement on August 19, 2022, stating that PWW had properly determined the requested reconciliation.

In a footnote in its August 19 position statement, the DOE stated that it had reached its conclusions after reviewing copies of bills provided by PWW. As an attachment, the DOE included a copy of PWW's responses to its data requests, some of which refer to these bills, copies of which were not included.

PWW is requested to file copies of the foregoing bills with the Commission on or before October 3, 2022, so that the record is complete and the Commission has access to this information.

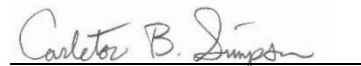

So ordered, this twenty-second day of September, 2022.
