Chairman
New Hampshire Public Utilities Commission
21 South Fruit St., Suite 10
Concord, NH 03301-2429

Dear Chairman Goldner:

**Re: DG 21-130; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty
Winter 2021/2022 Cost of Gas and Summer 2022 Cost of Gas
Compliance Tariff**

On October 29, 2021, the Commission issued Order No. 26,541 in this docket approving rates on an interim and provisional basis for both the winter 2021/2022 and summer 2022 Cost of Gas. On November 15, 2021, Liberty submitted the following tariff pages reflecting the approved rates set forth in Order No. 26,541:

- First Revised Page 5, 87, 89, 91, 92, 94, 95, 96, 98, 99, 100, 101, 153, and 154
- Fourth Revised Page 1, 3, and 4

On November 16, 2021, the Department of Energy ("Energy") filed a letter identifying a mistake in the Company's filing (a portion of the redlined tariff was not properly redlined). The Company submitted a corrected tariff filing on November 19, 2021.

On November 30, 2021, Commission Staff filed a letter stating, "that the wrong LDAC rates on pages 87 and 88 (or wherever referenced) were used for this filing." After further review of its filing, the Company notes the following: (1) First Revised Page 87 is correct and reflects the Commission's interim and provisional rate of \$0.1444 per therm for residential customers and \$0.0878 per therm for commercial customers, less RDAF and rate case adjustments; (2) page 88 was not submitted as part of this filing as it relates to Liberty's Keene Division; (3) page 89 was filed, is correct, and reflects the Commission's interim and provisional rates as noted in (1) above. The Company did find an error in regard to First Revised Page 101, on which the Company inadvertently used incorrect rates. This filing corrects that error and the following tariff pages are submitted forthwith:

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

Catherine A. McNamara
