Re: Docket No. DG 21-130; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Summer 2022 Cost of Gas – June 2022 Monthly COG Adjustment and Motion to Increase Summer 2022 Cost of Gas Rate

Dear Chairman Goldner:

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty, enclosed for filing are a redacted public version and a confidential version of Liberty's Motion to Increase Summer 2022 COG Rates, which includes a motion, the Supplemental Direct Testimony of Deborah M. Gilbertson, and the Supplemental Direct Testimony of Catherine M. McNamara, with attachments.

The confidential material consists of pricing and other information that is presumed confidential pursuant to Puc 201.06(a)(11).

Also enclosed is the confidential Excel model that supports the motion. The confidential information in this Excel file is the same as that contained in the above filing and is thus similarly presumed confidential pursuant to Puc 201.06(a)(11). Note that the Company is not providing a redacted version of the Excel file because a redacted Excel file would be substantively identical to the redacted pdf version of the model that is attached to the testimony at Bates 027.

Chairman Daniel Goldner

In the event that the Commission does not grant the motion prior to June 1, 2022, please consider this letter to be the usual monthly cost of gas adjustment filing in which the Company is advising the Commission of the projected under-recovery for the balance of the summer period, based on current NYMEX pricing, and is seeking approval to continue the existing COG rates now in effect into to the month of June (which rates are at the 25% cap as authorized in Order No. 26,541 (Oct. 29, 2021)). No tariff pages are filed in support of this alternative request because, if approved, there will be no change in rates.

Pursuant to the Commission's March 17, 2020, secretarial letter, only an electronic version of this letter will be filed. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Sheehan", written in a cursive style.
