Re: Docket No. DG 21-130; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Winter 2021/2022 Cost of Gas and Summer 2022 Cost of Gas

Dear Chairwoman Martin:

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty, enclosed please find the Company's updated Winter 2021/2022 Cost of Gas and Summer 2022 Cost of Gas filing, which includes the *Updated Direct Testimony of David B. Simek and Catherine A. McNamara*, the *Direct Testimony of Deborah M. Gilbertson*, and the *Direct Testimony of Mary E. Casey*, revised tariff pages, and supporting schedules.

The Simek/McNamara testimony and attachments have been updated to include the most current market price projections and the removal (for purposes of the October 25 hearing only) of the request to recover approximately \$4 million related to the low-income discount which Staff suggested (and the Company supports) should be bifurcated from the October 25 hearing and addressed at a later hearing in this docket. The Simek/McNamara documents have been marked as "updated."

Note that the Gilbertson and Casey testimonies and attachments included with this filing are the same documents that were filed September 1, 2021. The Company includes those testimonies here so that the Commission and the parties will have a single filing to

review, with no need to refer to the September 1 filing. That is, this filing replaces the September 1, 2021, filing.

The Company includes redacted and confidential versions of the filing because certain schedules contain information routinely treated as confidential in cost of gas filings, for which the Company asserts confidentiality pursuant to Puc 201.04(a)(5) and Puc 201.06(a)(11).

Pursuant to the March 17, 2020, secretarial letter, only electronic versions will be provided. Thank you.

Sincerely,
