

The Department of Energy Audit Division's 2020-2020 Energy North WCOG Final Report, dated October 13, 2021, and the Audit Division's Addendum to that Report dated October 20, 2021, contain material identified by the Utility in its filings as "confidential." The allegedly confidential material is inextricably intertwined with information that has not been identified as confidential. Accordingly, the Department of Energy identifies the Report and Addendum as confidential in its entirety; redaction is not possible.
