Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 21-131
March 2022 Monthly Cost of Gas Report

Dear Chairman Goldner:

Pursuant to Commission Order No. 26,539 in Docket DG 21-131, enclosed is Northern Utilities - New Hampshire Division's ("Northern") current calculation of its projected over or under-collection of gas costs for the 2021-2022 winter season.

The current calculation reflects actual costs and revenues for November 2021 through February 2022 and NYMEX futures prices as of March 22, 2022. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.
