**Re: Request for Approval of Keene Community Power Aggregation Plan**

Dear Chairman Goldner,

Attached please find the Keene Community Power Electric Aggregation Plan for review and approval by the Commission pursuant to RSA 53-E:7.

This Plan was developed by the Keene Community Power Committee and adopted by unanimous vote of the City Council on May 6, 2021. The City amended the Plan in mid-March 2022 to better address questions of data security based on feedback provided by the Commission in orders on other Community Power plans. The City submitted its Plan to the Commission in April 2022 (DE 22-022), and it received an order in June 2022 which encouraged the City to re-submit the Plan closer to or after the completion of the rulemaking process for Community Power.

On July 27, 2022, the Commission voted to approve Community Power rules. The City has further amended the Plan to appropriately reference those rules. This Plan is being submitted prior to approval by the City Council, which is the City of Keene's governing body and its legislative body.
