**Re: Docket No. DE 22-030
Public Service Company of New Hampshire d/b/a Eversource Energy
Third Step Adjustment
September 20, 2022 Hearing**

Dear Chairman Goldner:

On September 9, 2022, the New Hampshire Public Utilities Commission (the "Commission") issued a Procedural Order in Docket No. DE 22-030, rescheduling the hearing to September 20, 2022 to allow for a full day hearing. The Commission's Procedural Order also directed the Department of Energy ("DOE") to submit a list of recommended disallowances by close of business on September 16, 2022.

Public Service Company d/b/a Eversource Energy's ("Eversource" or the "Company") appreciates the Commission's acknowledgement of the need for additional time and information to conduct an efficient hearing. To further advance the efficiency of the hearing, the Company respectfully requests that, in addition to providing the amounts of recommended disallowance, DOE should include the basis of any recommended disallowances in its submission on September 16, 2022. If this information is provided, Eversource will endeavor to be prepared to complete cross-examination of DOE witness Jay Dudley at the September 20, 2022 hearing.

Please contact me if you have any questions. Thank you for your attention to this filing.

Sincerely,

Jessica Buno Ralston
