RE: Docket No. DE 22-034 - 2022 Transmission Cost Adjustment Mechanism
Public Service Company of New Hampshire d/b/a Eversource Energy

Chair Goldner:

Enclosed for filing is Public Service Company of New Hampshire d/b/a Eversource Energy's ("Eversource" or the "Company") Petition for Approval of Change in Transmission Cost Adjustment Mechanism ("TCAM"). Accompanying the petition are the testimony and attachments of Marisa B. Paruta, James E. Mathews, Edward A. Davis, and David J. Burnham supporting Eversource's request.

Eversource is requesting approval of a forecasted retail transmission rate to be effective August 1, 2022, for a twelve-month billing period, as well as approval of the reconciliation of transmission costs and recoveries for the period of January 2021 through July 2022. The overall average rate for the TCAM is proposed to be 2.179 cents per kWh as compared to the current overall average rate of 2.785 cents per kWh.

Consistent with current Commission policy this petition is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
