**Re: DE 22-035; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty  
Step Adjustment-Compliance Tariff**

Dear Chairman Goldner:

On March 3, 2023, the Commission issued Order No. 26,781 in the above docket (the "March 3 Order") approving revisions to rate design that were presented by Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty ("Company") on March 2, 2023, "as implementing the offset credit to distribution rates of (\$575,083) approved by Order No. 26,870 (March 1, 2023)". March 3 Order at 3-4. The March 3 Order also stated that the approved rates were to be "effective March 1, 2023, for a five-month refund period, ending on July 31, 2023".

In order to return \$575,083 to customers over five months, the Company's rates, which are calculated on an annualized basis, were reduced by \$1,380,199, effective March 1, 2023. For the Company to correctly cease its return of the \$575,083 as of July 31, 2023, the Company must increase its revenue requirement by \$805,116 ( $(\$1,380,199) + \$805,116 = (\$575,083)$ ).

On behalf of the Company, and pursuant to the March 3 Order, enclosed with this cover letter are electronic copies of the "clean" and "redline" compliance tariff pages which reflect an \$805,116 increase in the Company's revenue requirement.

Thank you for your attention to this matter. Please don't hesitate to contact me if you have any questions.

Sincerely,

/s/ James M. King
