---

Governor Sununu,

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I strongly urge the PUC to accept this Settlement Agreement. I'm a NH homeowner who's been hoping to invest in solar energy. I want to see New Hampshire transition to clean energy — solar is going to be a key part of this. It's already providing good jobs in our state. But NH is behind other New England states in the clean energy transition. Without net metering the solar industry may grind to a halt and NH will be set back even further from the clean energy future.

Don't let that happen!

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Liz Fletcher

Mason. NH
