Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Dear Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

As a participant in New London Community Solar, I ask that the State of New Hampshire respect the importance of solar power investments by residential citizens of the state. These citizen investors deliver electricity, help reduce the need for more power plants, and make the New England power grid more resilient.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Gerard Gold, New London
