Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. *Solar energy is going to help me stabilize my energy costs and make my bottom line more predictable. If net metering goes away, I will not be able to install solar energy. We need the settlement to help expand solar energy in the state.*

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.
