Governor Sununu,

Is it true that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure? I am told a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

Because net metering encourages and support the transition to alternative energy in a time when the climate is precarious, I urge the PUC to accept this Settlement Agreement.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Lucy K.Wyman, solar power user
