Governor Sununu,  
(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

**I urge the PUC to accept this Settlement Agreement.**

I grew up in NH and am finally moving back to my home state after 18 years, as my wife and I bought our first home in Newmarket, NH just last week. We are extremely excited about the prospect of energy independence and supplying our home with clean energy. Without net metering, this dream will be much more difficult to achieve.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Thank you,  
Scott
