**Subject:** Concerned about the future of net metering in NH (PUC Docket DE 22-060)

**EXTERNAL:** Do not open attachments or click on links unless you recognize and trust the sender.

Governor Sununu,  
(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

**I urge the PUC to accept this Settlement Agreement. I have solar panels myself and am trying to move towards an all-electric household, which should reduce, even on a small scale, my dependence on fossil fuels. This effort, along with weatherization, use of energy outside of peak energy usage windows, and purchasing electric appliances, vehicles, and tools, should reduce my fossil fuel consumption. Without net metering, none of my personal goals that are clearly helping to clean up our environment will be possible.**

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Kathy Chapman  
Mason, NH
