---

Dear sirs:

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

We urge the PUC to accept this settlement agreement. We have had solar on our home for over seven years and have benefited from the current net metering program. As the climate continues to warm we need to do more to encourage renewable energy, not discourage its growth. We owe this to our future generations who will need to survive on a changing planet.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,  
Hon. Rich DiPentima  
Cathy DiPentima
