Dear Governor Sununu,

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I **urge the PUC to accept this Settlement Agreement.** I sit on the Energy Committee in the Town of Swanzey and am deeply concerned about our future without progress in reducing our amount of fossil fuel use. Currently we are looking at the feasibility of solar projects in our town. as solar energy is an accessible path towards a fossil free future and net metering is crucial to its success.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Barbara Skuly
Swanzey, NH
